## Report of the Board of Trustees For the year ending 31 March 2010

The Board of Trustees presents the report and audited financial statements of The Lesbian and Gay Foundation for the year ended 31 March 2010. The statements appear in the format required by the Statement of Recommended Practice for Accounting and Reporting by Charities (revised March 2005). The report and statements also comply with the Companies Act 2006 as The Lesbian and Gay Foundation was incorporated by guarantee on 1 December 1997. It has no share capital and is a registered charity. The guarantee of each member is limited to £1. The governing document is the Memorandum and Articles of Association of the company and members of the Board of Trustees are the Directors of the company.

### Structure, Governance and Management

The Lesbian and Gay Foundation is governed by a Board of Trustees who also serve as Directors of the Company. Trustees are elected by the membership of the LGF at the Annual General Meeting. Trustees are sought in a variety of ways including external advertising, recruitment from amongst the LGF's membership, as well as recommendations from existing trustees and volunteers. All new trustees are required to undertake an induction and training programme. Trustee training needs are assessed and a programme of internal and external training arranged on an annual basis to meet these needs.

Full Board of Trustee meetings are held four times per year. One of these meetings is extended over two days to discuss major strategic issues. Responsibility for reviewing key areas of activity and policy are delegated to sub-committees that report back to the quarterly Board meetings. The sub-committees operate under agreed terms of reference and include both Trustees and members of the Senior Management Team as well as staff and at times key external specialists. These sub-committees monitor and scrutinise the work of the LGF. The day-to-day running of the LGF is delegated to the Chief Executive and their Senior Management Team.

The current Board sub-committees are:

- **Governance & Membership Sub-Committee** – maintains a scrutiny and review role to ensure effective governance structures are in place across the organisation.
- **Finance Sub-Committee** – maintains a scrutiny and review role to ensure effective financial management across the organisation.
- **Fundraising Sub-Committee** - ensures an effective overview and performance management system in relation to fundraising activity.
- **Service Improvement Sub-Committee** – works to enhance and improve performance systems and maximise the benefits of external accreditation systems.

## **Statement of Trustee Responsibilities in Relation to Financial Statements**

Company law requires the Trustees to prepare financial statements for the financial year which give a true and fair view of the state of affairs of the company and the income and expenditure of the charitable company for the year. In preparing those financial statements, the Trustees are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue on that basis.

The Trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable it to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities, as well as exercising proper financial controls.

Members of the Board of Trustees, who are Directors for the purposes of company law, and Trustees for the purposes of charity law, who served during the year and up to the date of this report are set out on page 17.

In accordance with company law, as the company's Directors, each member of the Board of Trustees certifies that:

- So far as they are aware, there is no relevant information of which the auditors are unaware; and
- As Directors of the company they have taken the necessary steps to be aware of the information which would be relevant for audit purposes and have communicated them to the auditors.

## **Risk Management**

The Trustees have assessed the major risks to which the charity is exposed, in particular those related to the operations and finances of the charity and are satisfied that the systems are in place to mitigate the charity's exposure to the major risks. Risks are identified through a number of routes including output from Board of Trustee meetings and Committee meetings, via the regular cycle of Senior Management Team meetings and through the annual planning cycle. Risks are recorded on the Risk Register which identifies, for each risk, the steps required to mitigate the risk and the Trustee or member of the Senior Management Team responsible. The Risk Register is a standing Agenda item on the Finance Sub-Committee and is reviewed quarterly at that meeting. Discussion and review of the Risk Register also forms part of the quarterly Board Meetings.

## **Subsidiary Companies**

As at 31 March 2010, the Lesbian and Gay Foundation has two wholly owned subsidiaries both of which were dormant for the year ended 31 March 2010. These companies are Manchester Lesbian and Gay Switchboard Services Limited and the Lesbian and Gay Foundation Trading Company Limited.

## **Objectives and principal activities**

All our principal activities support our objects, mission and vision. The four major areas of activity are (i) supporting individuals, (ii) strengthening communities, (iii) promoting equality and (iv) developing excellence.

Our services include a wide range of community, health and support services. A broad community programme incorporates a number of groups that are run by our staff and volunteers at our premises. Groups include men's groups, lesbian groups and a black LGB group. These groups support an increasing number of lesbian, gay and bisexual people. Health services continue to have a strong focus around HIV prevention and sexual health through our Condom and Lube Distribution Scheme, the outreach clinic and information, education and training. Other health and support services include a counselling service, helpline advice service, substance misuse project, and a carers' project. During the year, two of our major projects have continued to be successful; Exceeding Expectations, a multi-agency schools project running across Manchester secondary schools and our Rainbow Partnership network, a coalition of LGB&T groups and organisations supporting LGB&T people across the North West of England and beyond.

A wide variety of information and advice services support and reinforce our objectives. These include a free bi-monthly magazine (Outnorthwest), distributed throughout the North West, which addresses a wide range of health, community and other issues. Our website and numerous information resources, including sexual health guides, legal rights guides and a civil partnership guide provide relevant and up to date information and advice to lesbian, gay and bisexual people and their families and friends. Internal and external training courses also reach a wide variety of people and organisations.

To ensure lesbian, gay and bisexual people's voices are heard, the LGF is represented on or in dialogue with a number of local, regional and national bodies including the North West Equality and Diversity Group, Greater Manchester Sexual Health Network, the Greater Manchester Voluntary Sector Consortium, the Equality and Human Rights Commission, the LGB&T Consortium and the National Offender Management Service amongst many others. We have additionally provided set-up support to the Trans Resource and Empowerment Centre (TREC) and to Gaydio, an LGB&T radio station.

To deliver these activities the LGF is reliant on the support and enthusiasm of our volunteers. We currently have almost 150 dedicated volunteers, many of whom are members of the LGF, who provide over 6,000 hours of vital volunteering across all our services.

The Trustees have complied with the duty in Section 4 of the Charities Act 2006 to have due regard to the guidance on public benefit published by the Charities Commission.

## Our Impact in Brief

During 2009/10, the LGF successfully delivered a wide range of activities for thousands of LGB people. Below is a snapshot of some of our achievements.

- People accessed the LGF 480,620 times via our services, resources, magazine and other printed resources (excluding safer sex packs).
- Through providing safer sex packs, we enabled people to have safer sex over 600,000 times last year within Greater Manchester.
- We produced and distributed over 80,000 copies of our regional magazine 'outnorthwest' and a further 95,480 resources informing and advising LGB people and their supporters – including vital information on local services, sexual health, mental health and drug and alcohol related issues.
- Through our Helpline and email service, we supported over 1,700 people with information and advice, including vital support for people in crisis.
- We provided over 1,000 hours of counselling; helping to improve the mental health of LGB people across Greater Manchester and into the North West.
- During 1,693 visits to groupwork sessions, people were able to explore coming out, meet others and gain vital support and information in a safe and supportive environment.
- We helped to reduce sexually transmitted diseases and HIV infection by opening the doors to our unique, community based outreach sexual health clinic to 347 men.
- Our website pages were viewed over 652,000 times by over 161,000 unique users to make a significant contribution to increasing access to information and services to LGB people, including those unable to visit us in person.
- We delivered our thought-provoking Exceeding Expectations programme to 1,180 young people, reducing homophobia and homophobic bullying in schools.
- We received over 13,000 visitors to our premises, accessing support, advice, training, information and services.
- We provided infrastructure support to over 390 members of our Rainbow Partnership network, consisting of LGB&T groups, charities, public sector bodies, and interested individuals.
- We expanded our unique distribution network to over 500 venues, increasing access to our resources and information to LGB people across the North West and beyond.

Without the support of our funders and the dedication of our trustees, volunteers and staff of the Lesbian & Gay Foundation, none of this work would happen.

## Principal achievements for the Year

### *Supporting Individuals*

The LGF will support lesbian, gay and bisexual people to increase their skills, knowledge, and self-confidence to improve health and well-being. Key achievements against this goal include:

- The implementation of "Part of the Picture", a major national, five-year project funded by the Big Lottery. This project is researching the drug and alcohol usage of LGB people, undertaken in partnership with the University of Central Lancashire. This resulted in the collection of 1,700 LGB people's experiences of alcohol and drug use within the first year.
- The award of a five-year Big Lottery Reaching Communities grant, enabling the recruitment of a Volunteer Manager, and funding to sustain our front line work with service users.
- The launch and development of an internal project which significantly changed the way in which we meet the needs of our front line service users. This focused on training staff and providing resources to handle most services users' information and other needs at the first point of call, or referring them to other LGF services or other agencies where more specialist or longer term support is required.
- The launch of "We're Here if You Need Us", a campaign targeted at GP surgeries initially across Greater Manchester. GPs surgeries have been asked to display a simple poster, both as an indicator of LGB affirmative services and providing signposting to the LGF's provision.
- The delivery of a Comic Relief funded young people's mental health project, supporting gay people and including the production of a targeted guide.
- The delivery of sexual health campaigns including "Proud to be Behind You", "Wear it, Fill it, Bin it" and "Know Your Status".
- The production of the "Sex Tips for Men" resource, and a reprint of our "Sex Education" guide for men and women to support our sexual health work.
- The expansion of our scene-based testing services including Chlamydia, HIV and STI testing.
- The establishment of our highly successful, rapid HIV testing clinic, complementing our traditional, weekly sexual health outreach clinics.
- Securing a two-year Caring with Confidence Grant from the Department of Health for the development of a new carers' service targeted primarily at LGB&T carers.
- The development of an online LGB&T carers' forum.

- Securing a one-year Hardship Fund grant which enabled the continued provision of our mental health services.
- The counselling team has continued to grow and diversify in terms of its skills base and the diversity of its volunteers and last year served over 80 clients in over 1,000 sessions.
- The enhancement of our counselling service, with the introduction of couples counselling and CORE monitoring (Clinical Outcomes Routine Evaluation).
- The provision of monthly support sessions for three groups of LGB patients of Rampton Hospital.
- The development of a Business Plan for mental health services, which will be fully utilised in 2010/11 with the intent to secure contracts and fair share funding for our services.
- In partnership with Greater Manchester Police and Manchester NHS, we conducted an outreach safety initiative in Manchester's Gay Village.
- The continued success of our advice surgeries which served over 70 people last year (Police – 48, and Legal – 24).
- The delivery of a survey looking at attitudes towards LGB staff for Greater Manchester Fire and Rescue Service.
- The introduction of six-day a week opening of our building to enable more groups and individuals to use our facilities and receive our support.

### ***Strengthening Communities***

The LGF will work in partnership to build a strong, cohesive and influential lesbian, gay and bisexual community sector. Key achievements included:

- The continuation of the LGF's Hate Crime campaign, which responded quickly to the vicious and near fatal attack on a gay man in Liverpool. This led to our production of a pocket-resource in conjunction with a range of partners, which was on the streets of the North West's major gay areas within days of the attack. We lobbied for Hate Crime to be placed higher on the agenda particularly in the NW and we recently undertook a research project for Government Office North West.
- We hosted five events across the region through 'North West Together We Can', which engaged with the public and voluntary sector and provided an opportunity to refresh people's understanding and support their implementation of 'Breaking the Cycle', our LGB&T strategy.
- We provided staff support to Liverpool Council for Voluntary Service to continue the work of Liverpool LGB&T network and contribute to the delivery of Liverpool Pride, which will launch in 2010.

- Hosting the Trans Resource and Empowerment Centre's (TREC) monthly trans weekend event, providing valuable capacity building support.
- We delivered a series of community consultation events which aimed to identify issues locally and provide a foundation for strengthening local LGB&T community activity and engagement
- We have spoken to representatives of almost 70 lesbian, gay, bisexual and trans groups whilst undertaking a needs analysis in order to identify common issues and support requirements.
- Promotion of "Homo Heroes" which was the Manchester Pride 2009 campaign which saw us recruit an additional 800 subscribers to our database in conjunction with the highly successful Homo Heroes and Homo Zeroes Award Scheme.
- The facilitation and administration of the Manchester Pride Community Fund. As a result, we supported the distribution of over £33,000 to lesbian, gay, bisexual and trans voluntary and community groups from across Greater Manchester.
- Our magazine, 'outnorthwest' was reduced overall in size and content refreshed and improved. This was produced on a bi-monthly basis and distributed to over 500 venues.
- Our digital communications added Twitter to our current Facebook and online presence, with over 160,000 unique users visiting the LGF's revamped website for news, articles; information and advice.
- The continued delivery of our LGB News service which particularly focused on the Single Equality Bill, legal protections for LGB people and stories of real people talking about their lives.

### ***Promoting Equality***

The LGF will promote awareness, visibility and inclusion of lesbian, gay and bisexual people to achieve full equality. Key achievements included::

- The planning and development of our "Enough is Enough, Action Against Homophobia" campaign, including securing celebrity endorsement. This is the overarching campaigns message that campaigning and individual giving will be organised under for at least the next three years, with the first year theme being Homophobic Hate Crime.
- The production of a business case for Exceeding Expectations which helped enable the success of a three-year contract with Manchester City Council.
- The continued roll-out of a play for young people in schools, which was seen by over 1,180 school children in the past year, and newsletters were produced for all adults working in secondary and primary schools across Manchester.

- The award of a three-year, EHRC grant which enabled the recruitment of a Policy & Research Officer; three events a year in conjunction with other equalities organisations; and funding towards our Enough is Enough campaign.
- The award of a £150k development grant from the Department of Health (DH) to enable us to work with other LGB&T organisations to form a partnership to advise the DH on the health needs of LGB&T people.
- The launch of our Consultancy & Training project and recruitment of a Manager and Lead Associate Trainer. The programme achieved a 98% satisfaction rating from clients receiving the service.
- The launch of "Flying the Flag" which was a very simple yet effective way for public sector organisations and especially local authorities to demonstrate their support for LGB&T communities and residents as part of the International Day Against Homophobia. This campaign received funding from the Association Greater Manchester Authorities (AGMA) and is growing and gaining momentum.
- The renewal of a £10k contract with the National Health Service North West as a member of their innovative Health Equality Stakeholder Engagement group.
- We have opened up the Lesbian & Gay Foundation to new audiences by delivering a number of events focussed around specific equality issues. These included our Celebr8 event, focussed around bringing together black and minority ethnic communities and specific religious groups; and also our Intergenerational Event, which brought together people of different ages to discuss their experiences as LGB&T people and their experiences of Manchester City Council services.
- We developed our blocked email campaign which highlights and condemns the public sector's blocking of emails containing words such as "lesbian", "gay" and "bisexual", breaching the rights of LGB people and undermining the efforts of the public sector to support LGB people.
- The delivery of a Community Health Needs Assessment for Bolton's lesbian, gay and bisexual residents.
- We attended the conferences of the Conservative, Labour and Liberal Democrat parties for the first time in 2009 and laid the ground for our Election 2010 LGB Manifesto.
- We provided training to over 160 staff at Cheshire Peaks & Plains Housing Trust around sexual orientation and gender identity.

## ***Developing Excellence***

The LGF will continuously develop its people, systems and procedures to deliver and sustain excellence for all of our beneficiaries. Key achievements included:

- A renewed focus on financial processes and the monitoring of income and expenditure which helped in ensuring that the LGF broke even in 2009/10.
- The award of capital grants from CapacityBuilders and the Social Enterprise Investment Fund which will enable the fit out of our new premises, when the LGF relocates in autumn 2010.
- Planning major enhancements to our information technology infrastructure, including the implementation of a new server, and to our internal systems, including customer relationship management software, to enable us to work more effectively and support our service users and other stakeholders better.
- Significant work in developing our credit control systems and reducing our debtors.
- The development of our cashflow management and cashflow planning systems.
- The development of our people management systems as part of our journey towards our successful 'Investors In People' recognition.
- The establishment of the Human Resources Task Force to focus on ensuring the LGF's values and culture are reflected in the way in which we manage our people.
- Significant financial modelling work to underpin our Business Plan and five year Strategic Plan.
- Securing and negotiating the lease for a new home for the LGF for the next ten years, which will help us better to meet the needs of our service users.

## Financial Review and Results for the Year

At the start of the 2009/10 financial year, in recognition of the financial and funding challenges facing the LGF, the Trustees and Senior Management Team devoted significant time and focus to increasing the financial strength of the LGF. This process led to a renewed emphasis on securing funding, income generation and the management of cashflow and expenditure. As a result, the LGF generated a surplus of £51,828 for the year, which was transferred to a dedicated accommodation reserve to support the move from our current premises at Princess House to our new premises at Richmond House, both of which are in central Manchester.

The result for the year shows total incoming resources at £1,724,152. As with previous years the Primary Care Trusts in Greater Manchester continue to be a substantial source of income, however we continue to diversify our income base and the year generated some new funding sources and increased income from a number of our activities for generating funds. Our income across all sources increased by 20% during the year. Major new projects were Caring with Confidence, a project to support the needs of LGB&T carers; the Hardship Fund which has supported the continued delivery of our mental health and wellbeing services, despite income reductions as the result of the recession; and the Equalities and Human Rights Commission strategic grant to enable some of our campaigns work. We have analysed costs in line with our major activities, namely **Services** (Health, Therapeutic, Advice and Community Services and the Condom and Lube Distribution Scheme), **Information** (Magazine, Website and other Information Resources) and **Research**.

The net increase in funds as at end of March was £51,828. This was transferred to a designated fund for accommodation. Free unrestricted reserves at the end of the year remained as £166,251.

### Reserves Policy

The Trustees have established a policy whereby the unrestricted funds not committed to project activity or invested in tangible fixed assets held by the LGF should be built up to between a minimum of 3 months and a maximum of 9 months running costs at any one time (as recommended by the Charities Commission). Reserves are held to enable the LGF to adjust to unforeseen reductions in income or increases in expenditure or, at the discretion of the Board of Trustees to finance charitable activities for which external funding has not been secured. Reserves would be utilised either fully to make up for the reduction in income or the increase in expenditure or to pay for the costs of making organisational changes as a response to these. Whilst the Trustees recognise that the current level of reserves is substantially below the minimum desired level, the current economic situation together with the difficulty of generating contributions to reserves from current sources of funding mean that the minimum target is likely to be achieved in the medium rather than the short term.

As of 31 March 2010, unrestricted and undesignated reserves amounted to £166,251. This amounts to just over one month's running costs. They are held, in line with the LGF's Reserves Policy, to enable the LGF to adjust to unforeseen

reductions in income or increases in expenditure and to fund charitable activities for which external funding has not been secured.

A fund for accommodation costs amounting to £51,828 has been designated. This designated fund will assist in facilitating the LGF's move to new premises in the autumn of 2010. It will be used to fulfil the requirement to make good dilapidations on our Princess House premises and to assist in fit out works to our new Richmond Street premises.

## Future Plans

Whilst the economic situation and the change of government introduce significant additional uncertainties, especially in regard to funding, there remains a significant and growing need for the work of the LGF. Our Strategic Plan envisages that the next five years will see continued growth of the work and influence of the LGF. Our Business Plan is based around our four strategic goals which, linked to our Vision, Mission and Values will continue to drive forward the LGF's agenda and priorities for the medium to long term.

The four strategic goals are:

### **1. Supporting Individuals**

The LGF will support lesbian, gay and bisexual people to increase their skills, knowledge, and self-confidence to improve health and well-being.

### **2. Strengthening Communities**

The LGF will work in partnership with others to build a strong, cohesive and influential lesbian, gay, bisexual and trans community sector.

### **3. Promoting Equality**

The LGF will promote awareness, visibility and inclusion of lesbian, gay and bisexual people to achieve full equality.

### **4. Developing Excellence**

The LGF will continuously develop its people, systems and procedures to deliver and sustain excellence for all of our beneficiaries.

Our Business Plan for 2010/11 includes the development of a number of new initiatives and a comprehensive review and development plan to increase the quality, delivery and reach of a number of our existing services. Highlights from our plan to support our service delivery include:

- Working to enable the LGF to bid for and secure public service delivery contracts to provide services for LGB people, including in partnership with other organisations.
- Securing existing and winning new contracts and grants.
- The promotion of our LGB&T strategy "Breaking the Cycle" and providing support to organisations to implement this.

- In the LGB sector, playing a leadership role and sharing leadership opportunities throughout our partnerships and networks.
- To develop and widely promote the LGF's message and mission.
- To further develop and implement the LGF's "Enough is Enough – Action against Homophobia" campaign.
- To develop the evidence base relating to LGB people and their experiences.
- To increase the knowledge of internal and external stakeholders, especially staff and public sector bodies, around the needs of LGB&T communities.
- To generate sufficient income to break even in 2010/11 and enhance the future sustainability of the LGF.
- To drive forward the people management systems of the LGF, to improve the quality and impact of the contribution of all staff.
- To significantly enhance the experience of and utilisation of volunteers by the LGF.
- To transform the ICT infrastructure and enhance IT systems to meet the needs of the LGF.
- To plan and successfully manage the move to new accommodation.
- To embed equality and diversity within the organisation, ensuring an inclusive environment for our staff, volunteers and service-users.

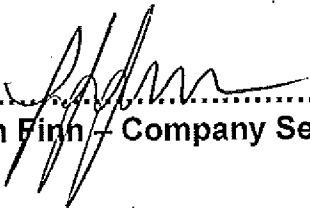

We will continue to seek funding from a wide and diverse range of sources to enable us to continue to deliver new and innovative services for LGB communities and ensure that the voices of our communities continues to be heard. We recognise that the effects of the recession and the projected reductions in public funding will add significantly to the financial pressures on the LGF although the passage of the Single Equalities Bill into law in 2010 will create additional needs for the services we offer.

**Independent Auditors' Report to the members of  
The Lesbian & Gay Foundation Limited  
For the year ended 31 March 2010**

We have audited the financial statements of The Lesbian & Gay Foundation Limited for the year ended 31 March 2010, which comprise the Statement of Financial Activities (including the income and expenditure account), the Balance Sheet and the related notes. These financial statements have been prepared in accordance with the accounting policies set out therein, the historical cost convention, and the requirements of the Financial Reporting Standard for Smaller Entities (effective April 2008).

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Section 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

**Respective responsibilities of management committee and auditors**

As described in the Statement of Director's Responsibilities, the charitable company's trustees, who are also directors of The Lesbian & Gay Foundation Limited, are responsible for the preparation of the report of the board of trustees and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and for being satisfied that the financial statements give a true and fair view.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view, have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice and are properly prepared in accordance with the Companies Act 2006. We also report to you whether in our opinion the information given in the report of the board of trustees is consistent with those financial statements.

In addition we report to you if, in our opinion, the charitable company has not kept adequate accounting records, if the charitable company's financial statements are not in agreement with the accounting records and returns, if we have not received all the information and explanations we require for our audit, or if certain disclosures of trustees' remuneration specified by law are not made.

We read the report of the board of trustees and consider the implications for our report if we become aware of any apparent misstatements within it.

## Basis of audit opinion

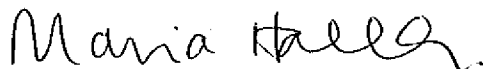

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the trustees in the preparation of the financial statements, and of whether the accounting policies are appropriate to the charitable company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

## Opinion

In our opinion:

- the financial statements give a true and fair view of the state of the charitable company's affairs as at 31 March 2010 and of its incoming resources and application of resources, including its income and expenditure for the year then ended;
- the financial statements have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- the financial statements have been properly prepared in accordance with the Companies Act 2006; and
- the information given in the trustees' report is consistent with the financial statements.

## **1 Accounting Policies**

The principal policies adopted in the preparation of the financial statements are set out below. They have been applied consistently during the year and in the preceding year.

### **a) Basis of preparation of accounts**

The Financial Statements have been prepared under the historical cost convention in accordance with applicable United Kingdom accounting standards, the Companies Act 2006, the Statement of Recommended Practice "Accounting and Reporting by Charities" issued in March 2005 (SORP 2005), and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

### **b) Incoming resources**

Voluntary income is received by way of donations and gifts and is included in full in the Statement of Financial Activities when received. Revenue grants are shown in the Statement of Financial Activities in the year in which they are receivable.

### **c) Fund accounting**

Restricted funds are to be used for specific purposes as laid down by the donor. Expenditure which meets these criteria is identified to the fund, together with a fair allocation of management and support costs.

Unrestricted funds are donations and other income received or generated for the charitable purposes.

Designated funds are unrestricted funds earmarked by the trustees for particular purposes. The reserves policy is detailed on page 13 of the financial statements.

### **d) Fixed Assets**

Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost of each asset over its estimated useful life at the rates of:

Computer Equipment	33% straight line basis
Office Furniture & Fixtures	33% straight line basis

Only assets with a value of over £350 are capitalised

### **e) Resources Expended**

All expenditure is accounted for on an accruals basis.

- Costs of generating funds are those costs incurred in attracting voluntary income and those incurred in other activities that raise funds.
- Charitable activities include expenditure associated with our major work programmes; services, information and research, and include both the direct costs and support costs relating to these activities.

- Governance costs include those incurred in the governance of the charity and its assets and are primarily associated with constitutional and statutory requirements.
- Support costs have been allocated across all activities. Premises related costs have been allocated based on floor usage (where material) and staff related costs have been allocated on the basis of time spent on activities. Note 3 shows details of these allocations.

**f) Financial Reporting Standard 1**

The company has taken advantage of the exemption under Financial Reporting Standard 1 from preparing a cash flow statement on the grounds that it is a small company.

**g) Subsidiary Companies and Joint Arrangements**

The company has not prepared consolidated accounts because its two subsidiary companies have not operated within the year and have no assets or liabilities.

**h) VAT**

The Lesbian & Gay Foundation registered for VAT on 1 April 2002. The majority of the work the Foundation undertakes is within the scope of VAT with an element of supplies outside the scope of VAT. Input tax is not recoverable on inputs relating to supplies outside the scope of VAT. Any irrecoverable VAT is charged to the income and expenditure account in the year in which it is incurred.

**i) Operating leases**

Rentals due under operating leases are charged over the lease term on a straight line basis or on the basis of actual rentals payable where this fairly reflects usage.

**j) Pensions**

The Lesbian & Gay Foundation contributes to defined contribution pension schemes on behalf of its employees. The assets of these schemes are entirely separate to those of the charity. The pension cost shown represents contributions payable by the charity on behalf of the employees. There were no outstanding contributions at the balance sheet date.

**k) Grants paid**

Grants paid are recognised when the grants awards panel make the decision to award the grant. Over 40 grants were awarded to small HIV and LGBT groups in Greater Manchester. The maximum grants awarded were £1,000.

## Report of the Board of Trustees For the year ending 31 March 2010

The Board of Trustees presents the report and audited financial statements of The Lesbian and Gay Foundation for the year ended 31 March 2010. The statements appear in the format required by the Statement of Recommended Practice for Accounting and Reporting by Charities (revised March 2005). The report and statements also comply with the Companies Act 2006 as The Lesbian and Gay Foundation was incorporated by guarantee on 1 December 1997. It has no share capital and is a registered charity. The guarantee of each member is limited to £1. The governing document is the Memorandum and Articles of Association of the company and members of the Board of Trustees are the Directors of the company.

### Structure, Governance and Management

The Lesbian and Gay Foundation is governed by a Board of Trustees who also serve as Directors of the Company. Trustees are elected by the membership of the LGF at the Annual General Meeting. Trustees are sought in a variety of ways including external advertising, recruitment from amongst the LGF's membership, as well as recommendations from existing trustees and volunteers. All new trustees are required to undertake an induction and training programme. Trustee training needs are assessed and a programme of internal and external training arranged on an annual basis to meet these needs.

Full Board of Trustee meetings are held four times per year. One of these meetings is extended over two days to discuss major strategic issues. Responsibility for reviewing key areas of activity and policy are delegated to sub-committees that report back to the quarterly Board meetings. The sub-committees operate under agreed terms of reference and include both Trustees and members of the Senior Management Team as well as staff and at times key external specialists. These sub-committees monitor and scrutinise the work of the LGF. The day-to-day running of the LGF is delegated to the Chief Executive and their Senior Management Team.

The current Board sub-committees are:

- **Governance & Membership Sub-Committee** – maintains a scrutiny and review role to ensure effective governance structures are in place across the organisation.
- **Finance Sub-Committee** – maintains a scrutiny and review role to ensure effective financial management across the organisation.
- **Fundraising Sub-Committee** - ensures an effective overview and performance management system in relation to fundraising activity.
- **Service Improvement Sub-Committee** – works to enhance and improve performance systems and maximise the benefits of external accreditation systems.

## **Statement of Trustee Responsibilities in Relation to Financial Statements**

Company law requires the Trustees to prepare financial statements for the financial year which give a true and fair view of the state of affairs of the company and the income and expenditure of the charitable company for the year. In preparing those financial statements, the Trustees are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue on that basis.

The Trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable it to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities, as well as exercising proper financial controls.

Members of the Board of Trustees, who are Directors for the purposes of company law, and Trustees for the purposes of charity law, who served during the year and up to the date of this report are set out on page 17.

In accordance with company law, as the company's Directors, each member of the Board of Trustees certifies that:

- So far as they are aware, there is no relevant information of which the auditors are unaware; and
- As Directors of the company they have taken the necessary steps to be aware of the information which would be relevant for audit purposes and have communicated them to the auditors.

## **Risk Management**

The Trustees have assessed the major risks to which the charity is exposed, in particular those related to the operations and finances of the charity and are satisfied that the systems are in place to mitigate the charity's exposure to the major risks. Risks are identified through a number of routes including output from Board of Trustee meetings and Committee meetings, via the regular cycle of Senior Management Team meetings and through the annual planning cycle. Risks are recorded on the Risk Register which identifies, for each risk, the steps required to mitigate the risk and the Trustee or member of the Senior Management Team responsible. The Risk Register is a standing Agenda item on the Finance Sub-Committee and is reviewed quarterly at that meeting. Discussion and review of the Risk Register also forms part of the quarterly Board Meetings.

## **Subsidiary Companies**

As at 31 March 2010, the Lesbian and Gay Foundation has two wholly owned subsidiaries both of which were dormant for the year ended 31 March 2010. These companies are Manchester Lesbian and Gay Switchboard Services Limited and the Lesbian and Gay Foundation Trading Company Limited.

## **Objectives and principal activities**

All our principal activities support our objects, mission and vision. The four major areas of activity are (i) supporting individuals, (ii) strengthening communities, (iii) promoting equality and (iv) developing excellence.

Our services include a wide range of community, health and support services. A broad community programme incorporates a number of groups that are run by our staff and volunteers at our premises. Groups include men's groups, lesbian groups and a black LGB group. These groups support an increasing number of lesbian, gay and bisexual people. Health services continue to have a strong focus around HIV prevention and sexual health through our Condom and Lube Distribution Scheme, the outreach clinic and information, education and training. Other health and support services include a counselling service, helpline advice service, substance misuse project, and a carers' project. During the year, two of our major projects have continued to be successful; Exceeding Expectations, a multi-agency schools project running across Manchester secondary schools and our Rainbow Partnership network, a coalition of LGB&T groups and organisations supporting LGB&T people across the North West of England and beyond.

A wide variety of information and advice services support and reinforce our objectives. These include a free bi-monthly magazine (Outnorthwest), distributed throughout the North West, which addresses a wide range of health, community and other issues. Our website and numerous information resources, including sexual health guides, legal rights guides and a civil partnership guide provide relevant and up to date information and advice to lesbian, gay and bisexual people and their families and friends. Internal and external training courses also reach a wide variety of people and organisations.

To ensure lesbian, gay and bisexual people's voices are heard, the LGF is represented on or in dialogue with a number of local, regional and national bodies including the North West Equality and Diversity Group, Greater Manchester Sexual Health Network, the Greater Manchester Voluntary Sector Consortium, the Equality and Human Rights Commission, the LGB&T Consortium and the National Offender Management Service amongst many others. We have additionally provided set-up support to the Trans Resource and Empowerment Centre (TREC) and to Gaydio, an LGB&T radio station.

To deliver these activities the LGF is reliant on the support and enthusiasm of our volunteers. We currently have almost 150 dedicated volunteers, many of whom are members of the LGF, who provide over 6,000 hours of vital volunteering across all our services.

The Trustees have complied with the duty in Section 4 of the Charities Act 2006 to have due regard to the guidance on public benefit published by the Charities Commission.

## Our Impact in Brief

During 2009/10, the LGF successfully delivered a wide range of activities for thousands of LGB people. Below is a snapshot of some of our achievements.

- People accessed the LGF 480,620 times via our services, resources, magazine and other printed resources (excluding safer sex packs).
- Through providing safer sex packs, we enabled people to have safer sex over 600,000 times last year within Greater Manchester.
- We produced and distributed over 80,000 copies of our regional magazine 'outnorthwest' and a further 95,480 resources informing and advising LGB people and their supporters – including vital information on local services, sexual health, mental health and drug and alcohol related issues.
- Through our Helpline and email service, we supported over 1,700 people with information and advice, including vital support for people in crisis.
- We provided over 1,000 hours of counselling; helping to improve the mental health of LGB people across Greater Manchester and into the North West.
- During 1,693 visits to groupwork sessions, people were able to explore coming out, meet others and gain vital support and information in a safe and supportive environment.
- We helped to reduce sexually transmitted diseases and HIV infection by opening the doors to our unique, community based outreach sexual health clinic to 347 men.
- Our website pages were viewed over 652,000 times by over 161,000 unique users to make a significant contribution to increasing access to information and services to LGB people, including those unable to visit us in person.
- We delivered our thought-provoking Exceeding Expectations programme to 1,180 young people, reducing homophobia and homophobic bullying in schools.
- We received over 13,000 visitors to our premises, accessing support, advice, training, information and services.
- We provided infrastructure support to over 390 members of our Rainbow Partnership network, consisting of LGB&T groups, charities, public sector bodies, and interested individuals.
- We expanded our unique distribution network to over 500 venues, increasing access to our resources and information to LGB people across the North West and beyond.

Without the support of our funders and the dedication of our trustees, volunteers and staff of the Lesbian & Gay Foundation, none of this work would happen.

## Principal achievements for the Year

### *Supporting Individuals*

The LGF will support lesbian, gay and bisexual people to increase their skills, knowledge, and self-confidence to improve health and well-being. Key achievements against this goal include:

- The implementation of "Part of the Picture", a major national, five-year project funded by the Big Lottery. This project is researching the drug and alcohol usage of LGB people, undertaken in partnership with the University of Central Lancashire. This resulted in the collection of 1,700 LGB people's experiences of alcohol and drug use within the first year.
- The award of a five-year Big Lottery Reaching Communities grant, enabling the recruitment of a Volunteer Manager, and funding to sustain our front line work with service users.
- The launch and development of an internal project which significantly changed the way in which we meet the needs of our front line service users. This focused on training staff and providing resources to handle most services users' information and other needs at the first point of call, or referring them to other LGF services or other agencies where more specialist or longer term support is required.
- The launch of "We're Here if You Need Us", a campaign targeted at GP surgeries initially across Greater Manchester. GPs surgeries have been asked to display a simple poster, both as an indicator of LGB affirmative services and providing signposting to the LGF's provision.
- The delivery of a Comic Relief funded young people's mental health project, supporting gay people and including the production of a targeted guide.
- The delivery of sexual health campaigns including "Proud to be Behind You", "Wear it, Fill it, Bin it" and "Know Your Status".
- The production of the "Sex Tips for Men" resource, and a reprint of our "Sex Education" guide for men and women to support our sexual health work.
- The expansion of our scene-based testing services including Chlamydia, HIV and STI testing.
- The establishment of our highly successful, rapid HIV testing clinic, complementing our traditional, weekly sexual health outreach clinics.
- Securing a two-year Caring with Confidence Grant from the Department of Health for the development of a new carers' service targeted primarily at LGB&T carers.
- The development of an online LGB&T carers' forum.

- Securing a one-year Hardship Fund grant which enabled the continued provision of our mental health services.
- The counselling team has continued to grow and diversify in terms of its skills base and the diversity of its volunteers and last year served over 80 clients in over 1,000 sessions.
- The enhancement of our counselling service, with the introduction of couples counselling and CORE monitoring (Clinical Outcomes Routine Evaluation).
- The provision of monthly support sessions for three groups of LGB patients of Rampton Hospital.
- The development of a Business Plan for mental health services, which will be fully utilised in 2010/11 with the intent to secure contracts and fair share funding for our services.
- In partnership with Greater Manchester Police and Manchester NHS, we conducted an outreach safety initiative in Manchester's Gay Village.
- The continued success of our advice surgeries which served over 70 people last year (Police – 48, and Legal – 24).
- The delivery of a survey looking at attitudes towards LGB staff for Greater Manchester Fire and Rescue Service.
- The introduction of six-day a week opening of our building to enable more groups and individuals to use our facilities and receive our support.

### ***Strengthening Communities***

The LGF will work in partnership to build a strong, cohesive and influential lesbian, gay and bisexual community sector. Key achievements included:

- The continuation of the LGF's Hate Crime campaign, which responded quickly to the vicious and near fatal attack on a gay man in Liverpool. This led to our production of a pocket-resource in conjunction with a range of partners, which was on the streets of the North West's major gay areas within days of the attack. We lobbied for Hate Crime to be placed higher on the agenda particularly in the NW and we recently undertook a research project for Government Office North West.
- We hosted five events across the region through 'North West Together We Can', which engaged with the public and voluntary sector and provided an opportunity to refresh people's understanding and support their implementation of 'Breaking the Cycle', our LGB&T strategy.
- We provided staff support to Liverpool Council for Voluntary Service to continue the work of Liverpool LGB&T network and contribute to the delivery of Liverpool Pride, which will launch in 2010.

- Hosting the Trans Resource and Empowerment Centre's (TREC) monthly trans weekend event, providing valuable capacity building support.
- We delivered a series of community consultation events which aimed to identify issues locally and provide a foundation for strengthening local LGB&T community activity and engagement
- We have spoken to representatives of almost 70 lesbian, gay, bisexual and trans groups whilst undertaking a needs analysis in order to identify common issues and support requirements.
- Promotion of "Homo Heroes" which was the Manchester Pride 2009 campaign which saw us recruit an additional 800 subscribers to our database in conjunction with the highly successful Homo Heroes and Homo Zeroes Award Scheme.
- The facilitation and administration of the Manchester Pride Community Fund. As a result, we supported the distribution of over £33,000 to lesbian, gay, bisexual and trans voluntary and community groups from across Greater Manchester.
- Our magazine, 'outnorthwest' was reduced overall in size and content refreshed and improved. This was produced on a bi-monthly basis and distributed to over 500 venues.
- Our digital communications added Twitter to our current Facebook and online presence, with over 160,000 unique users visiting the LGF's revamped website for news, articles; information and advice.
- The continued delivery of our LGB News service which particularly focused on the Single Equality Bill, legal protections for LGB people and stories of real people talking about their lives.

### ***Promoting Equality***

The LGF will promote awareness, visibility and inclusion of lesbian, gay and bisexual people to achieve full equality. Key achievements included::

- The planning and development of our "Enough is Enough, Action Against Homophobia" campaign, including securing celebrity endorsement. This is the overarching campaigns message that campaigning and individual giving will be organised under for at least the next three years, with the first year theme being Homophobic Hate Crime.
- The production of a business case for Exceeding Expectations which helped enable the success of a three-year contract with Manchester City Council.
- The continued roll-out of a play for young people in schools, which was seen by over 1,180 school children in the past year, and newsletters were produced for all adults working in secondary and primary schools across Manchester.

- The award of a three-year, EHRC grant which enabled the recruitment of a Policy & Research Officer; three events a year in conjunction with other equalities organisations; and funding towards our Enough is Enough campaign.
- The award of a £150k development grant from the Department of Health (DH) to enable us to work with other LGB&T organisations to form a partnership to advise the DH on the health needs of LGB&T people.
- The launch of our Consultancy & Training project and recruitment of a Manager and Lead Associate Trainer. The programme achieved a 98% satisfaction rating from clients receiving the service.
- The launch of "Flying the Flag" which was a very simple yet effective way for public sector organisations and especially local authorities to demonstrate their support for LGB&T communities and residents as part of the International Day Against Homophobia. This campaign received funding from the Association Greater Manchester Authorities (AGMA) and is growing and gaining momentum.
- The renewal of a £10k contract with the National Health Service North West as a member of their innovative Health Equality Stakeholder Engagement group.
- We have opened up the Lesbian & Gay Foundation to new audiences by delivering a number of events focussed around specific equality issues. These included our Celebr8 event, focussed around bringing together black and minority ethnic communities and specific religious groups; and also our Intergenerational Event, which brought together people of different ages to discuss their experiences as LGB&T people and their experiences of Manchester City Council services.
- We developed our blocked email campaign which highlights and condemns the public sector's blocking of emails containing words such as "lesbian", "gay" and "bisexual", breaching the rights of LGB people and undermining the efforts of the public sector to support LGB people.
- The delivery of a Community Health Needs Assessment for Bolton's lesbian, gay and bisexual residents.
- We attended the conferences of the Conservative, Labour and Liberal Democrat parties for the first time in 2009 and laid the ground for our Election 2010 LGB Manifesto.
- We provided training to over 160 staff at Cheshire Peaks & Plains Housing Trust around sexual orientation and gender identity.

## ***Developing Excellence***

The LGF will continuously develop its people, systems and procedures to deliver and sustain excellence for all of our beneficiaries. Key achievements included:

- A renewed focus on financial processes and the monitoring of income and expenditure which helped in ensuring that the LGF broke even in 2009/10.
- The award of capital grants from CapacityBuilders and the Social Enterprise Investment Fund which will enable the fit out of our new premises, when the LGF relocates in autumn 2010.
- Planning major enhancements to our information technology infrastructure, including the implementation of a new server, and to our internal systems, including customer relationship management software, to enable us to work more effectively and support our service users and other stakeholders better.
- Significant work in developing our credit control systems and reducing our debtors.
- The development of our cashflow management and cashflow planning systems.
- The development of our people management systems as part of our journey towards our successful 'Investors In People' recognition.
- The establishment of the Human Resources Task Force to focus on ensuring the LGF's values and culture are reflected in the way in which we manage our people.
- Significant financial modelling work to underpin our Business Plan and five year Strategic Plan.
- Securing and negotiating the lease for a new home for the LGF for the next ten years, which will help us better to meet the needs of our service users.

## Financial Review and Results for the Year

At the start of the 2009/10 financial year, in recognition of the financial and funding challenges facing the LGF, the Trustees and Senior Management Team devoted significant time and focus to increasing the financial strength of the LGF. This process led to a renewed emphasis on securing funding, income generation and the management of cashflow and expenditure. As a result, the LGF generated a surplus of £51,828 for the year, which was transferred to a dedicated accommodation reserve to support the move from our current premises at Princess House to our new premises at Richmond House, both of which are in central Manchester.

The result for the year shows total incoming resources at £1,724,152. As with previous years the Primary Care Trusts in Greater Manchester continue to be a substantial source of income, however we continue to diversify our income base and the year generated some new funding sources and increased income from a number of our activities for generating funds. Our income across all sources increased by 20% during the year. Major new projects were Caring with Confidence, a project to support the needs of LGB&T carers; the Hardship Fund which has supported the continued delivery of our mental health and wellbeing services, despite income reductions as the result of the recession; and the Equalities and Human Rights Commission strategic grant to enable some of our campaigns work. We have analysed costs in line with our major activities, namely **Services** (Health, Therapeutic, Advice and Community Services and the Condom and Lube Distribution Scheme), **Information** (Magazine, Website and other Information Resources) and **Research**.

The net increase in funds as at end of March was £51,828. This was transferred to a designated fund for accommodation. Free unrestricted reserves at the end of the year remained as £166,251.

### Reserves Policy

The Trustees have established a policy whereby the unrestricted funds not committed to project activity or invested in tangible fixed assets held by the LGF should be built up to between a minimum of 3 months and a maximum of 9 months running costs at any one time (as recommended by the Charities Commission). Reserves are held to enable the LGF to adjust to unforeseen reductions in income or increases in expenditure or, at the discretion of the Board of Trustees to finance charitable activities for which external funding has not been secured. Reserves would be utilised either fully to make up for the reduction in income or the increase in expenditure or to pay for the costs of making organisational changes as a response to these. Whilst the Trustees recognise that the current level of reserves is substantially below the minimum desired level, the current economic situation together with the difficulty of generating contributions to reserves from current sources of funding mean that the minimum target is likely to be achieved in the medium rather than the short term.

As of 31 March 2010, unrestricted and undesignated reserves amounted to £166,251. This amounts to just over one month's running costs. They are held, in line with the LGF's Reserves Policy, to enable the LGF to adjust to unforeseen

reductions in income or increases in expenditure and to fund charitable activities for which external funding has not been secured.

A fund for accommodation costs amounting to £51,828 has been designated. This designated fund will assist in facilitating the LGF's move to new premises in the autumn of 2010. It will be used to fulfil the requirement to make good dilapidations on our Princess House premises and to assist in fit out works to our new Richmond Street premises.

## Future Plans

Whilst the economic situation and the change of government introduce significant additional uncertainties, especially in regard to funding, there remains a significant and growing need for the work of the LGF. Our Strategic Plan envisages that the next five years will see continued growth of the work and influence of the LGF. Our Business Plan is based around our four strategic goals which, linked to our Vision, Mission and Values will continue to drive forward the LGF's agenda and priorities for the medium to long term.

The four strategic goals are:

### **1. Supporting Individuals**

The LGF will support lesbian, gay and bisexual people to increase their skills, knowledge, and self-confidence to improve health and well-being.

### **2. Strengthening Communities**

The LGF will work in partnership with others to build a strong, cohesive and influential lesbian, gay, bisexual and trans community sector.

### **3. Promoting Equality**

The LGF will promote awareness, visibility and inclusion of lesbian, gay and bisexual people to achieve full equality.

### **4. Developing Excellence**

The LGF will continuously develop its people, systems and procedures to deliver and sustain excellence for all of our beneficiaries.

Our Business Plan for 2010/11 includes the development of a number of new initiatives and a comprehensive review and development plan to increase the quality, delivery and reach of a number of our existing services. Highlights from our plan to support our service delivery include:

- Working to enable the LGF to bid for and secure public service delivery contracts to provide services for LGB people, including in partnership with other organisations.
- Securing existing and winning new contracts and grants.
- The promotion of our LGB&T strategy "Breaking the Cycle" and providing support to organisations to implement this.

- In the LGB sector, playing a leadership role and sharing leadership opportunities throughout our partnerships and networks.
- To develop and widely promote the LGF's message and mission.
- To further develop and implement the LGF's "Enough is Enough – Action against Homophobia" campaign.
- To develop the evidence base relating to LGB people and their experiences.
- To increase the knowledge of internal and external stakeholders, especially staff and public sector bodies, around the needs of LGB&T communities.
- To generate sufficient income to break even in 2010/11 and enhance the future sustainability of the LGF.
- To drive forward the people management systems of the LGF, to improve the quality and impact of the contribution of all staff.
- To significantly enhance the experience of and utilisation of volunteers by the LGF.
- To transform the ICT infrastructure and enhance IT systems to meet the needs of the LGF.
- To plan and successfully manage the move to new accommodation.
- To embed equality and diversity within the organisation, ensuring an inclusive environment for our staff, volunteers and service-users.

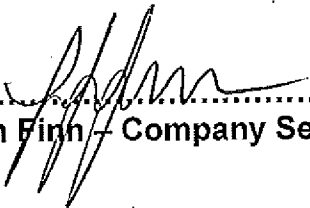

We will continue to seek funding from a wide and diverse range of sources to enable us to continue to deliver new and innovative services for LGB communities and ensure that the voices of our communities continues to be heard. We recognise that the effects of the recession and the projected reductions in public funding will add significantly to the financial pressures on the LGF although the passage of the Single Equalities Bill into law in 2010 will create additional needs for the services we offer.

**Independent Auditors' Report to the members of  
The Lesbian & Gay Foundation Limited  
For the year ended 31 March 2010**

We have audited the financial statements of The Lesbian & Gay Foundation Limited for the year ended 31 March 2010, which comprise the Statement of Financial Activities (including the income and expenditure account), the Balance Sheet and the related notes. These financial statements have been prepared in accordance with the accounting policies set out therein, the historical cost convention, and the requirements of the Financial Reporting Standard for Smaller Entities (effective April 2008).

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Section 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

**Respective responsibilities of management committee and auditors**

As described in the Statement of Director's Responsibilities, the charitable company's trustees, who are also directors of The Lesbian & Gay Foundation Limited, are responsible for the preparation of the report of the board of trustees and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and for being satisfied that the financial statements give a true and fair view.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view, have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice and are properly prepared in accordance with the Companies Act 2006. We also report to you whether in our opinion the information given in the report of the board of trustees is consistent with those financial statements.

In addition we report to you if, in our opinion, the charitable company has not kept adequate accounting records, if the charitable company's financial statements are not in agreement with the accounting records and returns, if we have not received all the information and explanations we require for our audit, or if certain disclosures of trustees' remuneration specified by law are not made.

We read the report of the board of trustees and consider the implications for our report if we become aware of any apparent misstatements within it.

## Basis of audit opinion

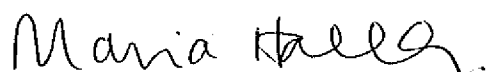

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the trustees in the preparation of the financial statements, and of whether the accounting policies are appropriate to the charitable company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

## Opinion

In our opinion:

- the financial statements give a true and fair view of the state of the charitable company's affairs as at 31 March 2010 and of its incoming resources and application of resources, including its income and expenditure for the year then ended;
- the financial statements have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- the financial statements have been properly prepared in accordance with the Companies Act 2006; and
- the information given in the trustees' report is consistent with the financial statements.

## 1 Accounting Policies

The principal policies adopted in the preparation of the financial statements are set out below. They have been applied consistently during the year and in the preceding year.

### a) Basis of preparation of accounts

The Financial Statements have been prepared under the historical cost convention in accordance with applicable United Kingdom accounting standards, the Companies Act 2006, the Statement of Recommended Practice "Accounting and Reporting by Charities" issued in March 2005 (SORP 2005), and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

### b) Incoming resources

Voluntary income is received by way of donations and gifts and is included in full in the Statement of Financial Activities when received. Revenue grants are shown in the Statement of Financial Activities in the year in which they are receivable.

### c) Fund accounting

Restricted funds are to be used for specific purposes as laid down by the donor. Expenditure which meets these criteria is identified to the fund, together with a fair allocation of management and support costs.

Unrestricted funds are donations and other income received or generated for the charitable purposes.

Designated funds are unrestricted funds earmarked by the trustees for particular purposes. The reserves policy is detailed on page 13 of the financial statements.

### d) Fixed Assets

Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost of each asset over its estimated useful life at the rates of:

Computer Equipment	33% straight line basis
Office Furniture & Fixtures	33% straight line basis

Only assets with a value of over £350 are capitalised

### e) Resources Expended

All expenditure is accounted for on an accruals basis.

- Costs of generating funds are those costs incurred in attracting voluntary income and those incurred in other activities that raise funds.
- Charitable activities include expenditure associated with our major work programmes; services, information and research, and include both the direct costs and support costs relating to these activities.

- Governance costs include those incurred in the governance of the charity and its assets and are primarily associated with constitutional and statutory requirements.
- Support costs have been allocated across all activities. Premises related costs have been allocated based on floor usage (where material) and staff related costs have been allocated on the basis of time spent on activities. Note 3 shows details of these allocations.

**f) Financial Reporting Standard 1**

The company has taken advantage of the exemption under Financial Reporting Standard 1 from preparing a cash flow statement on the grounds that it is a small company.

**g) Subsidiary Companies and Joint Arrangements**

The company has not prepared consolidated accounts because its two subsidiary companies have not operated within the year and have no assets or liabilities.

**h) VAT**

The Lesbian & Gay Foundation registered for VAT on 1 April 2002. The majority of the work the Foundation undertakes is within the scope of VAT with an element of supplies outside the scope of VAT. Input tax is not recoverable on inputs relating to supplies outside the scope of VAT. Any irrecoverable VAT is charged to the income and expenditure account in the year in which it is incurred.

**i) Operating leases**

Rentals due under operating leases are charged over the lease term on a straight line basis or on the basis of actual rentals payable where this fairly reflects usage.

**j) Pensions**

The Lesbian & Gay Foundation contributes to defined contribution pension schemes on behalf of its employees. The assets of these schemes are entirely separate to those of the charity. The pension cost shown represents contributions payable by the charity on behalf of the employees. There were no outstanding contributions at the balance sheet date.

**k) Grants paid**

Grants paid are recognised when the grants awards panel make the decision to award the grant. Over 40 grants were awarded to small HIV and LGBT groups in Greater Manchester. The maximum grants awarded were £1,000.
